TACTICAL SYSTEMS

Use of Force from the Street to the Courtroom

This course has been designed for the average police officer to have a better understanding of the details needed that are missed in most response to resistance reports. The students will also learn courtroom testimony skills that will assist them to be a better witness. The attending officers will have the abilities to make informed decisions about use of force after attending this course, and be able to document those decisions in their reports. This course delves into the process after force has been used on the street and covers aspects of internal affairs procedures, training, and OIS incidents.
