## TACTICAL SYSTEMS

## Understanding Violent Body Gestures

The rationale behind creating this course was based on the need of all enforcement personnel to be able to better understand the body signs associated with pending violence, deception, and concealment. This course will address not only the gestures of the offender but the gestures of the officer in the de-escalation of conflict and information gathering interaction. The student will be encouraged to participate in classroom discussion about the relationship between the validity of the words spoken and the body signs displayed. The students will also participate in numerous classroom scenario based training exercises as examples of both street and interview situations.

Master Instructor Dr. Robert Rail

Robert is recognized internationally as one of the foremost tactical terrorism experts on impending violence detection, deception, and contraband concealment. He is a state, federal, and internationally certified instructor. He has taught his highly motivational and entertaining "The Unspoken Dialogue" techniques and methods to people from more than 60 countries.

As an instructor to the United Nations International Police Task Force, IPTF, in Bosnia and Kosovo and internationally certified with the United States Department of Justice, he was responsible for designing curriculums and instructing elite police officers from nations who were deployed throughout the conflict areas of our world. Bob is retired 24 year veteran police officer and is a frequent contributor to television and radio programs, and periodicals. He conducts both training and consulting services for universities and corporations worldwide, and has authored five books: *The Unspoken Dialogue / Defense without Damage & Custodial Cuffing & Restraint*

### Class content
