

# BLUESHIELD TACTICAL SYSTEMS

## Close Contact Defense Instructor Course Level 2

This course is the next step in our Close Contact Defense Series, but the program stands alone as a practical defense system. The course is a combination of mixed martial arts that uses different strikes using all points of the body, as well as ground defense control locks to maintain control until help arrives. You'll be certified for two years to teach both standing and ground defense to your officers, and are provided our award winning teaching methods to help you become a better instructor. The course also comes with with free phone and e-mail support to assist you with any questions you may have as an instructor, which is a great resource to any department. You'll be provided with an illustrated instructor manual, a free dry-fit polo instructor shirt, as well as a Blue Shield Headgear. We know how important it is to you to improve as an instructor and to provide life saving techniques and concepts to your officers, and this system is just the vehicle to get you there .The current instructors of our level 1 system can attend this course for the course re-certification rate.
